

THE CHARGER

September Newsletter

Message From Principal:

We only have four weeks left until the end of first quarter. Students have been working hard to set goals for themselves. All students have completed their i-Ready diagnostic test in both math and reading. Teachers have been using the test results to help students set goals and to plan their lessons.

Sun Valley Builders are still working hard to complete our new playgrounds. Shade structures have already been installed and playground equipment has been delivered. They have also completed a cement path that leads to the apartments next to our school, so that our students who walk home can do so safely away from the busy street.

Masks are still optional, and highly recommended, for students and staff. We recommend sending a mask with your student for them to wear during small group interactions. We are still following the same quarantine protocols that we used last year. Please call the front office if your child or someone in your household tests positive for Covid. We will provide guidance for when your student is allowed to return to school.

In a couple of weeks teachers will be reaching out to families to schedule a conference time. We are looking forward to meeting with you all and sharing how much growth our students have made!

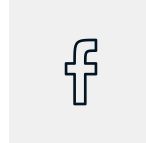

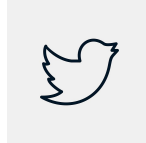

-Ms. Sullivan, Principal

Text Messaging Option

Our school will begin utilizing the SchoolMessenger system on September 7 to deliver text messages, straight to your mobile phone with important information about district-wide urgent, time-sensitive communication, and emergencies.

You can participate in this free service by sending a text message of "Y" or "Yes" to our school's short code number, 67587.

You can also opt-out of these messages at any time by simply replying to one of our messages with "Stop".

If your current information is out of date, please visit your child's school office in person to update your contact information.

Recess Equipment Needed

We are still in need of recess equipment that students are able to use until our new play structures are complete. Items such as bubbles, hula hoops, and chalk would be appreciated donations.
