<p>How do I help my students log in?</p>			
<p>Teachers cannot reset badge PIN numbers. Instead they can either help the student login using the student's Clever login or by providing the student a login backup code. Once a student is logged in, the student can reset their own PIN or password by clicking on their name in the top right corner of the Clever Portal. <i>Click on this box for directions.</i></p>	<p>Teachers can either provide the student a login backup code or reset the student's password in the teacher's Clever Portal. <i>Click on this box for directions.</i></p>	<p>Teachers cannot reset Google Passwords. This is why we recommend students use Clever to log in as teachers can provide more immediate assistance. <i>Please submit a work order, choosing "Accounts" as the problem type. Include the student(s) first and last name(s) and grade level. We will reset passwords as quickly as possible, but it may take up to 24 hours for the request to be processed.</i></p>	

PIN numbers and passwords are not the same! A student uses a PIN number with their badge and their password with their login. This works similar to your PIN number with your debit card and your separate username and password to log into your bank account online.
