

April 6, 2020

Hello, families!

With the school closure surrounding Covid-19, I wanted to bring some information to you that might be helpful during this time. I want you to know that we are aware that your child requires services for his or her GILP or ePortfolio. We will be working with teachers to provide resources to address students' needs to the best of our ability during the closure. With that being said, we have put together a list of some digital resources that might be useful to you and your family. Students do not have to stick to their area of strength. Encourage students to challenge themselves.

***(\*If your child was recently identified during spring testing 2020, your child will officially start their ePortfolio at the beginning of the next school year, 2020-2021 not April 3rd as stated in the letter. If you received the spring results letter stating you would be invited to the WINGS Open House on April 22nd, we are working to come up with an alternate plan and will contact mid-April by phone. Teachers have been notified concerning qualifying test scores. Thank you for your understanding.)***

Finally, I want to encourage you to reach out during this time, should you have any questions or concerns. You can reach me through email, or leave a voicemail message, and I will get back with you. Thank you for allowing us to serve your child/children. We will continue to support your family during this time! Stay well!

Sincerely,

Vicki Ellis
